We are The Backyard Barrel

At The Backyard Barrel, we are passionate about saunas! From the health benefits to recovery and relaxation, we are ready to bring sauna culture to the prairies. Our company is locally owned and operated. We rent trailer-mounted saunas and have since become a top sauna rental and installation company in southern Manitoba. Our beautifully crafted saunas are Canadian made and have premium upgrades to help bring you closer to nature. Our goal is to help families and friends unplug and share in moments of health, healing and happiness.

A Barrel of Wellness

Regular sauna use offers a myriad of health benefits. The elevated temperature in a sauna induces a deep sweat, promoting detoxification by expelling toxins from the body. This process not only cleanses the skin but also enhances circulation, potentially lowering blood pressure and improving cardiovascular health.

Saunas have been associated with reduced muscle soreness, increased joint flexibility, and accelerated post-exercise recovery. Additionally, the heat-induced relaxation can alleviate stress, contribute to better sleep, and boost overall mental well-being. Furthermore, some studies suggest that regular sauna sessions may have positive effects on immune function.

Embracing the sauna as part of a wellness routine can thus lead to a holistic enhancement of physical and mental health.

Quality Craftsmanship, Professional Installation.

At The Backyard Barrel, we are committed to delivering the highest quality saunas to our customers. Our team of experts will assemble your sauna onsite, ensuring that it meets your exact specifications. We offer a range of premium upgrade options, including change room facilities and stunning panoramic half moon windows.

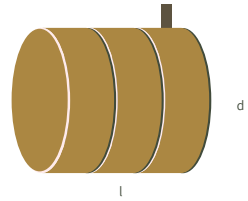

As an official distributor of Casa de Sauna barrel saunas, we are proud to offer these hand-crafted saunas made from 100% Canadian cedar wood. Each sauna comes with a 5 year manufacturer's warranty, so you can enjoy your sauna with peace of mind.

At The Backyard Barrel, we are dedicated to helping you find the perfect sauna to meet your needs and preferences. Whether you are looking for a small, intimate sauna for personal use, or a larger sauna to accommodate a group, we have options to fit your space and budget. Our team is here to assist you every step of the way, from selecting the right size and configuration to choosing the best heating option and any desired upgrades.

Choosing a sauna is as easy as...

1 - SELECT A MODEL AND SIZE

The size and configuration of your sauna will depend on how many people you want to be able to accommodate and whether or not you want an indoor change room or front porch.

2 - CHOOSE A HEATER TYPE

You have the option of choosing a traditional wood stove or an electric heater. Both options have their own unique benefits, and the right choice for you will depend on your personal preferences and needs.

3 - SELECT YOUR PREMIUM UPGRADES

We offer a range of premium upgrades that will enhance your sauna experience, including an outdoor shower, front porch, or beautiful panoramic half moon windows.

Wood Stove

Included in base price.*

Our saunas come standard equipped with unique, externally-loaded wood stoves. Unlike most wood stove types, an externally-loaded wood stove allows you to load up much more wood, and plus keeps wood shavings and ash out of the main sauna chamber. Note: The Wolseley is electric only.

Electric Heater

Included in base price.*

It is easy to switch to an electric heater. Larger saunas use a HARVIA KiP-80 8kW 40A electric heater, smaller ones a 6kW 30A variant. Heater installation and permit is not included. Customers wishing to install an electric sauna should contact a qualified electrician. Wifi capable option +\$599.

*Saunas with 4' diameter (Wolseley) come with electric heater in base price. They will not accommodate a wood stove. All larger saunas can accommodate either an electric or wood fired stove. Customer can choose which they prefer at no additional cost.

PREMIUM UPGRADES

Panoramic Window

+\$1499

This unique, custom-made tinted window affords you the view of a lifetime, while maintaining your privacy. Note: only saunas with a 7 foot diameter support the panoramic window. Various other window styles available.

Make it mobile

+\$4500

Want to tow your new sauna around with you? Maybe it take out to the lake for the weekend? We can mount your sauna on a custom trailer. Requires a car or truck with a tow rating of 3500 lbs.

Preparing your site

When planning the installation of your new sauna, it's important to consider the location carefully. Some common locations include a deck, concrete patio, or even just a gravel bed. If you are installing a wood-burning sauna, you should check with your municipality for any clearance requirements from structures, trees, and fences. If you are planning to use an electric sauna, you will need to consider where the trench for the cables will need to be dug. It's essential to carefully evaluate all of these factors to ensure that your sauna is installed safely and efficiently. Our team is dedicated to providing detailed instructions for site preparation to ensure your sauna is built on a solid foundation.
